Profile Summary

Results-driven Financial Analyst (M.S. Finance & Analytics, Santa Clara University) with 3+ years of experience in financial modeling, FP&A, budgeting, and data analytics across institutional finance and corporate environments. Proven expertise in DCF and 3-statement modeling, building 15-20 integrated financial models end-to-end and maintaining 35+ models quarterly for buy-side hedge fund clients. Hands-on proficiency in Python, SQL, Tableau, Advanced Excel (VBA, Macros), QuickBooks, SAP and Salesforce — with a demonstrated record of delivering client-ready financial analysis and scalable process improvements.

Technical Skills

Analysis: 3-Statement Modeling, DCF Valuation, Budgeting & Forecasting, Variance Analysis, Financial Benchmarking

Technology: Advanced Excel (VBA, Macros, Pivot Tables), Python, SQL, Tableau, SAP, QuickBooks, Salesforce

Workflow & Tools: AI-Assisted Analysis, Process Documentation, Cross-functional Coordination, MS PowerPoint

Work Experience

Financial Analyst

Feb 2026 – Present

Bright Mind Enrichment, StreetCare | Remote

- Built and managed FY2026 annual budget planning across 15+ revenue and expenditure categories in QuickBooks; coordinating Salesforce integration to centralize operational and financial data.
- Designed and implemented scalable operational infrastructure including standardized workflows, centralized document repository, and onboarding processes — ensuring continuity across a high-turnover 40-member team.
- Integrated AI-assisted tools into financial reporting and documentation workflows, reducing manual preparation time and improving turnaround speed across monthly planning cycles.

Financial Data Analyst

Dec 2023 – Aug 2024

Insync Analytics | Mumbai, MH

- Extracted and standardized SEC filings (10-K, 10-Q) for 55+ NASDAQ-listed companies, mapping 600+ GAAP-compliant data points per company to support multi-year trend analysis for buy-side institutional clients.
- Built 15-20 integrated 3-statement financial models and DCF analyses end-to-end; maintained and updated 35+ existing models quarterly following earnings releases, contributing to an 8,000+ global model database.
- Delivered live consensus data to hedge fund clients within 30 minutes of earnings releases through rigorous validation, ensuring accuracy on time-sensitive investment decisions.
- Generated and validated KPI reports by benchmarking current period data against historical trends; identified and resolved data discrepancies pre-QA to ensure accuracy of client-ready deliverables.

Junior Accountant

May 2022 – Oct 2023

Ashok Jha & Associates | Mumbai, MH

- Managed full-cycle bookkeeping and bank reconciliations for 30+ clients, executing 500+ monthly journal entries to ensure accurate P&L and balance sheet reporting across multiple accounts.
- Accelerated month-end close cycles by maintaining audit-ready documentation and performing variance analysis, enabling timely and accurate financial reporting for management.

Academic Projects

Financial Benchmarking Practicum – Extreme Networks, Inc | Santa Clara University

- Developed a benchmarking model analyzing growth, profitability, and valuation metrics across 32 peer companies using Excel and S&P Capital IQ; delivered strategic recommendations via interactive Tableau dashboards to support executive resource allocation.

Education

Master of Science in Finance and Analytics

Sep 2024 – Dec 2025

Santa Clara University | Santa Clara, CA

- Relevant Coursework: Financial Forecasting and Analysis, Investments, Python, SQL, Tableau, FP&A
- Student Ambassador, MS Program, SCU Leavey School of Business

Master of Commerce in Advanced Accountancy

Jul 2022 – May 2024

K.P.B. Hinduja College of Commerce | Mumbai, MH

Bachelor of Commerce

Jul 2019 – May 2022

K.P.B. Hinduja College of Commerce | Mumbai, MH
